KDA - PARENT PORTAL USER POLICY

The Highmore-Harrold School District is committed to providing effective opportunities to enhance school-home communication. Educational research cites parental involvement as one of the most important components contributing to student success. Schools need parents to share in the responsibility and accountability for the outcome of their children's education.

In an effort to facilitate this communication, the Highmore-Harrold School District will make the Parent Portal component of the Infinite Campus Student Management Software accessible to parents/guardians of students attending the Highmore-Harrold School District. The Parent Portal allows parent/guardians to monitor the attendance, assignments, and grades of their children. Any parent who, by court order, has been deprived of visitation rights or of access to the school records, shall not be permitted computer access to the school records.

Adopted: July 13, 2009
